Description

This Mazda2 1.5 SKYACTIV-G MHEV Sport Nav Euro 6 (s/s) is a compact, efficient city car with modern styling and advanced technology. Engine: Powered by a 1.5-liter SKYACTIV-G petrol engine combined with mild hybrid (MHEV) technology, offering a good balance of performance, fuel efficiency, and lower emissions. Transmission: Comes with a manual gearbox, providing engaging driving control and response. Emissions: Fully compliant with Euro 6 (s/s) standards, including stop-start technology that helps reduce emissions and improve fuel economy. Body Style: The Mazda2 is a 5-door hatchback, ideal for urban environments due to its compact size and maneuverability. Features & Trim: The Sport Nav trim generally includes a touchscreen infotainment system with Bluetooth, smartphone connectivity, cruise control, and safety features such as lane departure warning and city braking. Color: Finished in grey, offering a modern and understated appearance. Overall, the Mazda2 SKYACTIV-G MHEV Sport Nav is a reliable, economy-focused, and well-equipped city car perfect for urban drivers seeking style, efficiency, and modern features.
