Description

This 2018 Ford Focus Titanium presents an exceptional opportunity with its remarkably low mileage of just 37,824 miles, a significant advantage for a vehicle of its age, and has been cared for by only two owners. Powered by an efficient 1.0L petrol engine and meeting Euro 6 emissions standards, this Focus Titanium offers a refined driving experience. Inside, you'll appreciate the comfort provided by DEATC Dual-Zone Electronic Automatic Temperature Control, ensuring a pleasant cabin environment for all occupants. The convenience of Automatic Headlights and Keyless Entry simplifies your journeys, while Parking Distance Sensors at the rear assist with manoeuvring. The Ford SYNC3 DAB Navigation System keeps you connected and on course, making every trip more enjoyable. This particular Focus Titanium stands out due to its generous boot space, offering ample room for shopping, luggage, or sports equipment, a practical advantage over many other vehicles in its class. Combined with its low ownership and mileage, this Focus Titanium represents a well maintained and thoughtfully equipped choice for anyone seeking a reliable and comfortable hatchback.
